DonJoy LadyStrap

BACK RELIEF, PRECISELY FOR WOMEN

 *DJO*[®]

DONJOY®

DonJoy LadyStrap

Back relief, precisely for women

When choosing a back support, fit should come first. This isn't always the case for women using unisex supports, but DonJoy LadyStrap is made specifically for the female body. Since it's shaped to fit a woman's natural curves, women can now get the same support and targeted pain relief they expect from a DonJoy back support, but with improved comfort. And with a host of adjustable features, DonJoy LadyStrap helps provide even more precise back support.

Intended use/Indications

The DonJoy LadyStrap is designed to provide support and stabilization of the lumbar spine and relief of low back pain.

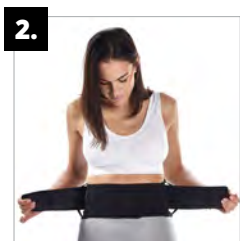

- Acute lower back pain
- Back pain prevention, return to activities
- Back sprain
- Muscular weakness
- Lumbar disc diseases (conservative treatment)

Features and benefits

1. Height-adjustable back pad:

Provides additional support and compression in the back area to help target low back pain

2. Bilateral straps:

Enable compression level to be increased for activity and reduced for periods of relaxation

3. Four semi-rigid dorsal stays:

Curved for optimal anatomical fit and improved comfort

4. Easy fastenings:

Ergonomic front closure with finger loop allows for fast and simple application and adjustment

5. Lace fabrics:

For a feminine look

Made for women:

Fits the natural curves of a woman's body, including a more pronounced lumbar curvature. Fitted at the waist

Lightweight, low-profile design:

Helps make extended periods of wear comfortable, ideal during the acute phase

Optimal thermoregulation:

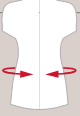

Allows air circulation under the support for enhanced breathability

Skin-friendly materials:

Soft and comfortable to help prevent skin irritation. Latex free
